19 key essays on how Internet is changing our lives

- Sixth edition of BBVA's annual series dedicated to exploring and disseminating knowledge on the key issues of our time.
- The world's leading writers bring within our range, in everyday language, the latest and most up-to-date knowledge on the Internet as an agent of change.
- An analysis of Internet-driven changes in the social, cultural, economic, political, and scientific arena, as well as in people's daily lives: their relationships, leisure and working habits.
